## Meet Onlnic Teams

### Design

Efficient design team offer a quick response & accurate Coreldraw drawing upon your request.

### Production

ONLNIC is one of the most professional neon sign manufacturer, owned a 30-worker production team, as well as in-house silicone neon raw material extrusion machine and auto-engraving machine.

## Quality Control

OnInic carrying a series of strict QC system, every sign should be inspected through 26 procedures to ensure a 99% qualification before shipping.

## Sales Support

A qualified sales team to connect with, we are happy to give a feedback in 24 hours.

## BENEFITS

# YOU GET from OnInic Service

### Quick Design Service

After we received your neon sign customized requirement, we will guide you to confirm the neon light model, color and backing, and the final mock-up would be sent to you to confirm within 2 days before production.

**15%**  
*Cost down?*

### Desired purchase cost

Our pricing is based on the neon light consumption used on your sign, the more the higher the price will be, and we will always carefully calculated the cost of each sign to ensure our offer is the most competitive in the market.

## Quality guarantee

Our neon signs are all hand-made with silicone material which is environment friendly, anti-yellowing and resistance to acid. Led lifespan is up to 50000 hours, and we offer 2 years guarantee. If your sign arrives damaged or not working, we will send you a new one for free.

## Fast delivery

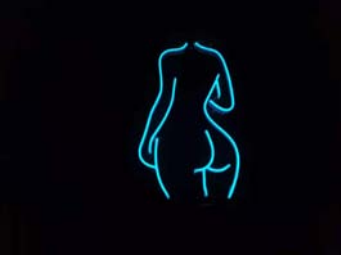

Samples and small order can be delivery by Fedex, DHL, TNT or other internal express, and we offer DDP term.
